

Project no. 043338

Project acronym: EMERGENCE

Project title: A foundation for Synthetic Biology in Europe

Instrument: NEST Pathfinder

Thematic Priority: Synthetic Biology

Deliverable 6.2 and 6.6: Consortium agreement EMERGENCE

Due date of deliverable: 2 and 18 months
Actual submission date: not delivered as agreed

Start date of project: 1.12.2006

Duration: 36 months

Organisation name of lead contractor for this deliverable: ETHZ

Project co-funded by the European Commission within the Sixth Framework Programme (2002-2006)		
Dissemination Level		
PU	Public	
PP	Restricted to other programme participants (including the Commission Services)	
RE	Restricted to a group specified by the consortium (including the Commission Services)	
CO	Confidential, only for members of the consortium (including the Commission Services)	

As reported in the midterm-report, EMERGENCE agreed with the (then) project officer, Christian Krassnig, that no consortium agreement would be provided due to the fact that EMERGENCE is a coordination activity that is unlikely to generate sufficient impact in terms of commercially exploitable results to justify the laborious process of negotiating such an agreement with 10 parties.

Therefore, neither deliverable 6.2 nor deliverable 6.6 were further treated in EMERGENCE.
